

# The practice of reception at the Lord's Table

By J.N. Darby

## **The unity of the body**

The principle of meeting is the unity of the body, so that a person known as a Christian is free to come: only the person who introduces him should have the confidence of the assembly as to his competency to judge of the person he introduces. In London and elsewhere the name of the person introducing is given out; or if many know him, that is mentioned and they are responsible. Looseness is so prevalent now among the denominations that more care is needed; but I hold that every known Christian has the same title as myself; and membership of an assembly I totally reject.

## **Godly order**

But I do not accept running out at a person's fancy: they may have been sinning or walking disorderly; and a person breaking bread is thereby subject to the discipline of God's house, if called for, just as if he had been constantly there. Nor do I accept any condition from them, as that they are free to go anywhere: the assembly is to follow God's word, and can bind itself by no condition. Nor do I impose any; because as the assembly is bound by the word and can accept none, so is the person subject to the discipline of the assembly according to the word.

## **No membership but of Christ**

I have never changed my views at all. The practice is more difficult because of the growing looseness in doctrines and practice of all around. But if an assembly refused a person known to be a Christian and blameless, because he was not of the assembly, I should not go. I own no membership but of Christ. An assembly composed as such of its members is at once a sect. But the person who brings another is responsible to the assembly, and should mention it; for it is the assembly which is finally responsible, though it may trust the person who introduces another in the particular case. If it were a young Christian, or one of little maturity and weak in the faith, I should like to know what sure ground there was before allowing him to break bread, on the same principle as in all other cases.
